

# The 11th International Multidisciplinary Modelling & Simulation Multi-Conference

**Agora Conference Center  
Bordeaux, France  
September 10-12, 2014**

[www.liophant.org/i3m](http://www.liophant.org/i3m)

European Modeling  
& Simulation  
Symposium

Int. Defense &  
Homeland Security  
Simulation Workshop

The International Workshop on  
Innovative Simulation for Health Care

New Simulation  
Project Workshop

**McLeod**  
WORKSHOP  
McLeod  
Workshop

M&S Network  
Workshop

The International  
Conference on Modeling  
& Applied Simulation

The International  
Conference on Harbor,  
Maritime & Multimodal  
Logistics Modeling &  
Simulation

## General Chairs:

Prof. Agostino Bruzzone  
Simulation Team, Genoa University, Italy

Prof. Yuri Merkurjev  
Riga TU, Latvia

## Program Chairs:

Prof. Francesco Longo  
M&S Net MSC-LES, Italy

## I3M 2014: New Edition

Next year the 11<sup>th</sup> edition of I3M will renovate the opportunity to have an International Multiconference covering many different topics related to Modeling & Simulation in a sharp way and providing an ideal opportunity to meet together

## European Modelling & Simulation Symposium - EMSS

The EMSS represents the 26<sup>th</sup> edition of the classic autumn M&S event in Europe; the Symposium is a really International meeting involving world experts in the area of M&S with special attention to methodologies, techniques and applications.

## The International Conference on Harbour, Maritime & Multimodal Logistics M&S - HMS

HMS Workshop is a traditional event and it was held successfully worldwide, usually in the surroundings of major international ports. It is focused on applications of simulation and computer technologies to logistics, supply chain management, multimodal transportation, maritime environment and industrial logistics.

## The International Conference on Modeling & Applied Simulation- MAS

The MAS Workshop concentrates on applied M&S and IT Solutions; application fields include production, business and services; since 2002 MAS involves Experts and Users discussing about M&S as enabling technology for business and industry in real world.

## The International Defense & Homeland Security Simulation Workshop

DHSS focuses on M&S advances within Defense and Homeland Security framework; DHSS includes tracks on Cyber Defense, CBRN, Strategic Decision Making, SBA; DHSS is part of I3M and involves industrial, governmental and academic top experts in these areas

## The International Workshop on Innovative Simulation for Health Care

I WHIS is directed to scientists, technicians, users and decision makers that are interested in the fast evolving and innovative sector of applying modern M&S within Health Care. The workshop is evolution of very successful tracks and workshops organized in previous conferences and it was established in 2012 as self independent international workshop

## The International Workshop on Simulation for Energy, Sustainable Development & Environment

SESDE is focusing on using M&S in applications related to Energy, Sustainability and Environmental Issues. Scientists and Subject Matter Experts in these sectors are invited to present innovative papers.

## M&S Net New Simulation Project Workshop - NSP

This event is the ideal framework for setting up European Community, EDA and International Projects and it is an opportunity for hosting project review and exploitation meetings; NSP welcome submissions for panel sessions on new simulation project proposals.

## M&S Net Workshop

The MS&Net workshop aims to create an evolving framework for sharing experience and knowledge in which participants have the possibility of effective cooperation. In the past joint international projects was presented in the workshop such as Smackdown involving NASA, Liophant, Aegis, Mak, Pitch, SISO etc.

## IMAACA Track

Next edition of IMAACA Conference will be held 2015 (biannual), therefore I3M will host a track on control & automation problems emphasizing the role of model analysis as integral part of the complete design of the automated systems.

### I3M Attendees, Speakers, Exhibitors & Media Partners

I3M exhibition provides an opportunity to Simulation Company and vendors to present their innovative solution to a wide audience; while I3M includes usually over 200 presentations with registered peaks of over 500 attendees. In past editions Companies such as Aegis Technologies, CAE, Cal-Tek, Lio Tech, Mast, Miltech, Presagis acted as Industrial Sponsors, while Euromerci, Halldale, Medsim, MS&T, Inderscience, IJSPM, IJCI, IGI Global, IJPHIM served as Media Sponsors. For additional info on these issues please contact [i3m@simulationteam.com](mailto:i3m@simulationteam.com)

### CAX Forum, McLeod Workshops & User Group Meetings

I3M is organized in synergy with NATO CAX Forum (two weeks in a row) and includes Project and User Group Meetings; in addition McLeod Workshops provide an opportunity for establishing new co-operations and setting up joint proposals among international partners that are active in modeling and simulation.

### Tutorial & Professional Courses

These M&S Professional Courses will be held in connection with I3M Multi-Conference; program, registration modules and tentative schedule are available on the web, please book them early. The M&S Professional Courses are organized in cooperation with MITIM DIME University of Genoa, Simulation Team and with Patronage Liophant Simulation and include foreground assessment for Simulation Team Professional Certification Program.

### Paper Submission

Extended abstracts, full draft papers or other proposals should be submitted for the review process through the conference website.

Each extended abstract must include the title, authors, affiliations, addresses, main body and references for proper positioning in the conference. Each paper will be reviewed by at least two members of the International Program Committee taking into consideration scientific quality, originality and relevance. Only original papers, written in English will be accepted.

Your camera ready paper must be submitted through the conference website. Authors of accepted papers are expected to attend the conference, present their works, transfer copyright and pay conference registration fees at the time their camera ready papers are submitted.

### International Journals

**Conference best papers will be directed to International Journals for inclusion through content extension. I3M2014 will generate 7 Special Issues of top quality International Journals for best authors.**

### Deadlines

**Paper submission April 15, 2014**  
**Notification of Acceptance May 15, 2014**  
**Final Camera-Ready Submission June 15, 2014**
