List of Conferences and Workshop

The 19th International Multidisciplinary Modelling & Simulation Multiconference (I3M 2022) involves EMSS, HMS, MAS, DHSS, IWISH, SESDE, FOODOPS, Conferences, Workshops and related Special Sessions; All Sessions are open to all I3M Attendees.

- EMSS: European Modelling & Simulation Symposium, 34th Edition, Part of I3M 2022.
- HMS: The International Conference on Harbour, Maritime & Multimodal Logistics Modelling and Simulation, 24th Edition, Part of I3M 2022.
- MAS: The International Conference on Modelling & Applied Simulation, 21st Edition, Part of I3M 2022.
- DHSS: The International Defense and Homeland Security Simulation Workshop, 12th Edition, Part of I3M 2022
- IWISH: The International Workshop on Innovative Simulation for Healthcare, 11th Edition, Part of I3M 2022.
- SESDE: The International Workshop on Simulation for Energy, Sustainable Development & Environment, 10th Edition, Part of I3M 2022.
- FOODOPS: The International Food Operations and Processing Simulation Workshop, 8th Edition, Part of I3M 2022.
- Special Sessions: I3M Special Sessions are freely open to all the attendees (e.g. Opening Ceremony, I3M 2022 Special sessions, etc.).

13M 2022 General co-Chairs

Agostino G. Bruzzone - DIME - University of Genoa, Italy

Yuri Merkuryev - Department of M&S, Riga TU, Latvia

13M 2022 Program Co-Chairs

Francesco Longo - MSC-LES, DIMEG, University of Calabria, Italy

Miquel Angel Piera - Autonomous University of Barcelona, Spain

EMSS: The 34th European Modelling & Simulation Symposium

EMSS General co-Chairs:

Francesco Longo, MSC-LES, DIMEG, University of Calabria, Italy

Emilio Jiménez, La Rioja University, Spain

EMSS Program co-Chairs:

Michael Affenzeller, Upper Austria University of Applied Sciences, Austria

Antonella Petrillo, Parthenope University of Naples, Italy

HMS: The 24th International Conference on Harbour, Maritime & Multimodal Logistics Modelling and Simulation

HMS General co-Chairs:

Agostino Bruzzone, DIMEG, University of Genoa, Italy

Yury Merkuryev, Riga Technical University, Latvia

HMS Program co-Chairs:

Eleonora Bottani, University of Parma, Italy

Miquel Angel Piera - Autonomous University of Barcelona, Spain

MAS: The 21st International Conference on Modelling & Applied Simulation***MAS General co-Chairs:***

Marina Massei, Liophant Simulation, Italy

Adriano Solis, York University, Canada

MAS Program Chair:

Fabio De Felice, University of Cassino, Italy

DHSS: The 12th International Defense and Homeland Security Simulation Workshop***DHSS General co-Chairs:***

Agostino Bruzzone, DIMEG, University of Genoa, Italy

Benjamin Goldberg, US Army DEVCOM Soldier Center, USA

IWISH: The 11th International Workshop on Innovative Simulation for Health Care***IWISH General co-Chairs:***

Marco Frascio, University of Genoa, Italy

Vera Novak, BIDMC, Harvard Medical School, USA

SESDE: The 10th International Workshop on Simulation for Energy, Sustainable Development & Environment***SESDE General co-Chairs:***

Janos Sebestyen Janosy, Centre for Energy Research, Hungary

Gregory Zacharewicz, Ecole des Mines d'Alès, France

SESDE Program Chair:

Letizia Nicoletti, CAL-TEK Srl, Italy

Massimiliano Schiraldi, Rome Tor Vergata University, Italy

FOODOPS: The 8th International Food Operations and Processing Simulation Workshop***FOODOPS General Chair:***

Giuseppe Vignali, University of Parma, Italy

FOODOPS Program Chair:

Francesco Longo, University of Calabria, Italy

I3M 2022

Hybrid Conference

All the sessions will be physically chaired. If you are a **Session Chair** please follow the instructions reported below.

Procedure for Sessions' Chairs

If you are a Session Chair, below you can find the procedure you are required to follow to manage your session.

- 1) Please be sure to join the Session Room at least 15 minutes before the Session scheduled time.
- 2) Check the presence of the speakers in the room and ask them some basic information to properly introduce them before their speeches. Please ask the speakers to upload their presentations on the laptop.
- 3) Some of the speakers will be online. Please ask them some basic information to properly introduce them. Familiarize yourself with the Microsoft TEAMS meeting functionalities (e.g. camera and microphone controls, desktop sharing, etc.). You can easily find all these functionalities on the screen. A session assistant will be there to start the Microsoft TEAMS session for online participants and to help you if needed.
- 4) Keep the computer camera and microphone switched ON. At the time of the session you can introduce yourself as Session Chair and you can start the Session. Please be sure to stay close to the microphone to be sure that online participants can hear you well.
- 5) If you have in person speakers in your session:
 - a. Be sure to share the screen of the presentation on Microsoft TEAMS (so the online attendees can follow the presentation).
 - b. Ask the speaker to stay close to the microphone (to allow online attendees to listen properly).
 - c. After the presentation, please check if there are questions from physical and online participants. If there are no questions, please be prepared to “break the ice” by doing the first question.
- 6) If you have online speakers in your session:
 - a. Ask the speaker to switch the microphone and the camera ON and introduce the speaker.
 - b. Ask the speaker to share his/her screen and start the video of the presentation. Each video should last 10 minutes maximum.
 - c. After the video of the presentation, please check if there are questions from the physical attendees or from the online attendees. After question time, remember the online speaker to switch the camera and the microphone OFF. If there are no questions, please be prepared to “break the ice” by doing the first question.

I3M 2022

Hybrid Conference

All the sessions will be held in a hybrid mode both in presence and online (through Microsoft TEAMS). If you are an “in presence” or “online” speaker please follow the instructions reported below.

Procedure for "in presence" Speakers

If you are an “in presence” Speaker, below you can find the procedure you are required to follow to make your presentation.

- Please join the session at least 15 minutes before the scheduled time and present yourself to the Session Chair.
- At a certain point in time (according to the scheduling of the presentations in the session), the Session Chair will call your name, present you and invite you to join the floor. Please be sure that the screen of the computer is shared on TEAMS.
- Please stay close to the microphone when doing your presentation (so the “online” participants can easily listen your presentation).

Procedure for "online" Speakers (**Conference time is CEST**)

If you are an “online” Speaker, below you can find the procedure you are required to follow to make your presentation.

- Please join the session at least 15 minutes before the scheduled time and present yourself to the Session Chair (you can switch your camera and microphone ON). You can easily find the name of the Session Chair within the Conference Program. After presenting yourself to the Session Chair, please switch your camera and microphone OFF.
- At a certain point in time (according to the scheduling of the presentations in the session), the Session Chair will call your name, present you and invite you to share the video of your presentation. At this time, please switch your microphone and your camera ON and share the video of your presentation.
- The video of your presentation must not exceed 10 minutes length. Be ready to answer questions made by session’s attendees.
- After the presentation and questions time, please be sure to switch again your microphone and camera OFF.

I3M 2022

Hybrid Conference

All the sessions will be held in a hybrid mode both in presence and online (through Microsoft TEAMS). If you are an “in presence” attendee or an “online” attendee please follow the instructions reported below.

Procedure for "in presence" Session Attendees

If you are an “in presence” Session Attendee, below you can find the procedure you are required to follow during the Session.

- Please join the Session at the scheduled time according to the conference program.
- You will be allowed to make questions at the end of each presentation. Please be sure to raise your hand in case of question. The Session Chair will allow you to make the question.
- When you ask the question remember to stay close to the microphone or to be sure that the online attendees (or speaker) can correctly hear your question (if needed the chair of the session can repeat your question for the online attendees).

Procedure for "online" Session Attendees (Conference time is CEST)

If you are an “online” Session Attendee, below you can find the procedure you are required to follow during the Session.

- Please join the session at the scheduled time (conference time is CEST) according to the conference program. The links to join the sessions are reported within the program in correspondence of each session. Once you join the session, please be sure to switch your microphone and camera OFF.
- You will be allowed to make questions at the end of each presentation. Please be sure to raise your hand in case of question (you have to click on the “raised hand” symbol in Microsoft TEAMS. The Session Chair will allow you to make the question by calling your name).
- When you ask the question remember to switch your microphone and camera ON.
- After the interaction with the Speaker please remember to switch your microphone and camera OFF.

Special Session: Strategic Engineering PhD and STRATEGOS <i>Chair: Prof. Agostino G. Bruzzone, University of Genoa, Italy</i> This special session is devoted to present the Strategic Engineering PhD Program and the new Master's Degree Program in Strategic Engineering (STRATEGOS) at University of Genoa, Italy. All the attendees are invited to join to know more about these interesting opportunities and to set-up new collaboration within the framework of the Strategic Engineering PhD Program and STRATEGOS Master's Degree Program.	

I3M 2022 Awards Ceremony

The I3M 2022 Awards will be delivered during the Gala Dinner on September 20th, 2022

8:30 pm – 11:00 pm CEST In presence	Tue 20th, 2022
<i>@ Les Étoiles Restaurant (6th floor), Via dei Bastioni, 1, Roma</i>	
I3M Awards Ceremony	
I3M Best Paper Awards The I3M 2022 Best Paper Award is assigned by the I3M 2022 Best Paper Award International Committee and selected among the top-quality papers presented at I3M based on originality, scientific quality and impact on the manufacturing domain.	
Gianni Cantice Award for Gifted Simulation Students The "Gianni Cantice Research Award for Gifted Simulation Students" will be announced during the I3M Awards Ceremony and attributed to the best simulation student applicants. The Award is entitled to Col. Cantice as recognition for his long activity in Simulation; the Gianni Cantice Award Winner will receive the Award Certificate and a free registration to the next I3M conference. Further information at www.liophant.org/i3m/cantice	
Norbert Giambiasi Award The Norbert Giambiasi Award is entitled to Prof. Norbert Giambiasi as recognition for very highly qualified contribution in Conceptual Modeling and DEVS within International Simulation Community. The Norbert Giambiasi Award Certificate Board selects the paper among best Conceptual Modeling contributions to I3M Conference.

The Closing Ceremony is a nice opportunity to wrap-up the conference experience and to say hello each other waiting for the next I3M edition (2023) that will be held in Athens, Greece.</p>	

I3M Social Events

The I3M Local Organization Committee has organized two main Social Events for I3M 2022. Please find below the relevant information.

I3M 2022 Ice Breaker

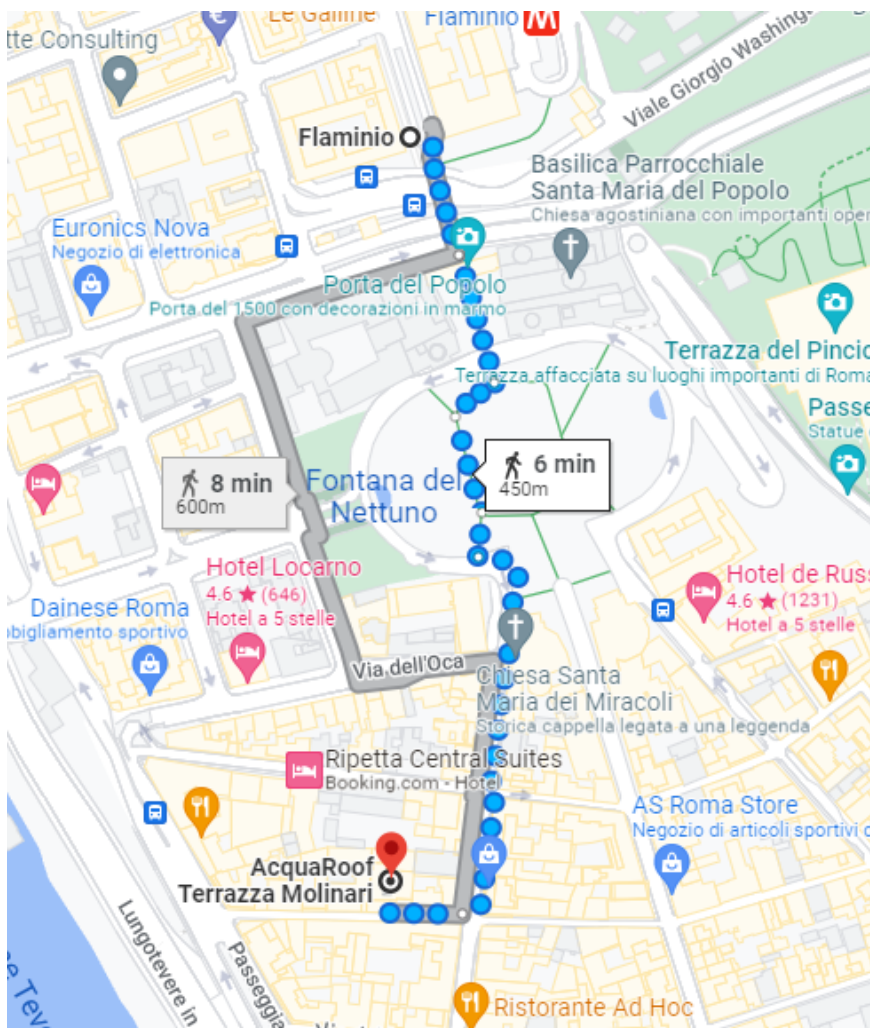

The *I3M 2022 Ice Breaker* is a special aperitif that the I3M Organization Committee has organized to celebrate together the return, after 2 years, of the physical conference.

The I3M 2022 Ice Breaker will be held in the *Acquarroof Terrazza Molinari, via del Vantaggio 14, Roma*.

To reach the *Acquarroof Terrazza Molinari* you can catch a taxi or you can use public transportation.

Reaching *Acquarroof Terrazza Molinari* by public transportation:

- > Underground (METRO), Line A, stop at *Flaminio Station*.
- > Walk for approximately 450 m, through *Piazza del Popolo* and then through *Via di Ripetta* (blue line in the picture below) and reach the *Acquarroof Terrazza Molinari*. Alternatively you can walk approximately 600m through *Via Principessa Clotilde* (grey line in the picture below).

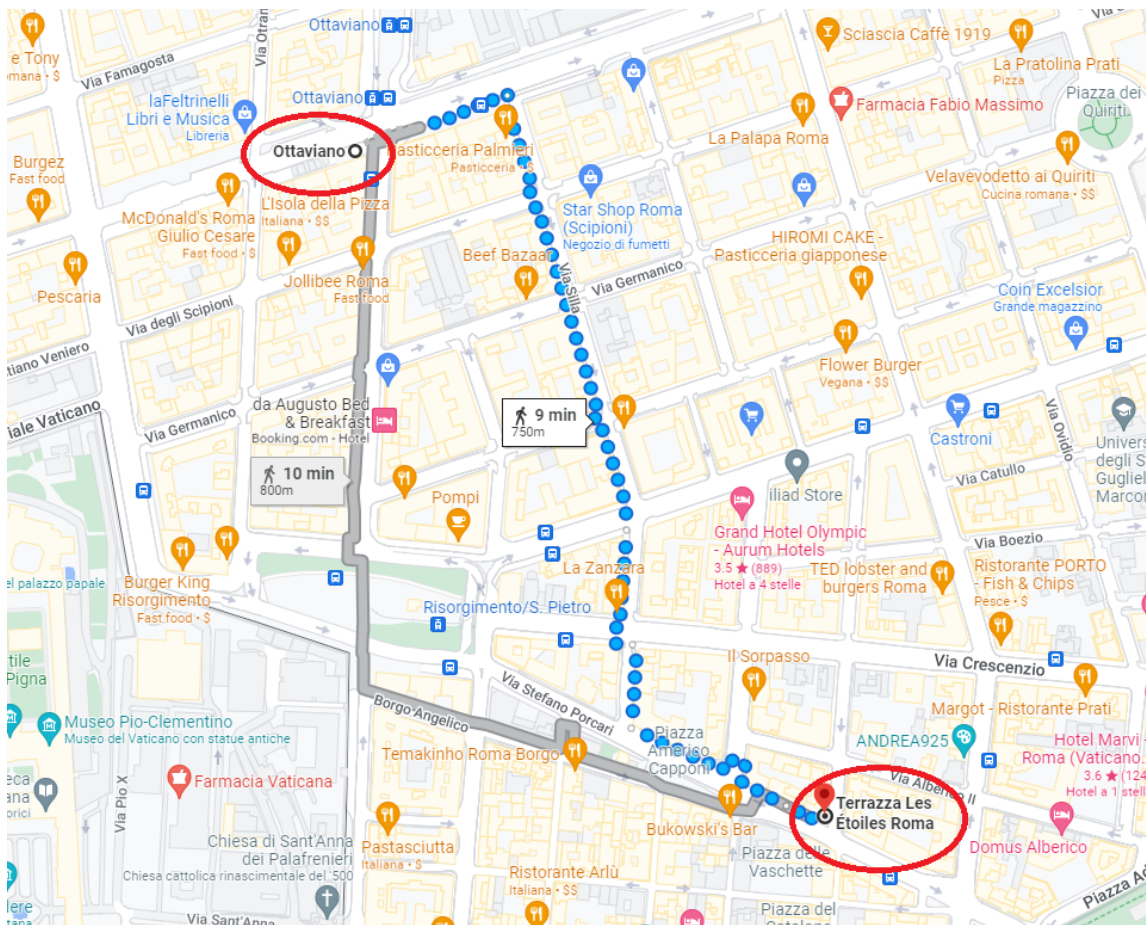

I3M 2022 Gala Dinner

The I3M 2022 Gala Dinner will be held on Tuesday, September 20th, 2022 at *Les Étoiles Restaurant* (6th floor), *Via dei Bastioni, 1, Roma*. Formal dressing is required.

To reach the *Les Étoiles Restaurant* you can catch a taxi or you can use public transportation.

Reaching *Les Étoiles Restaurant* by public transportation:

- > Underground, Line A and stop at *Ottaviano Station*
- > Walk for approximately 750 m, through *Via Silla* (blue dot-line in the picture below) and reach the *Les Étoiles Restaurant*. Alternatively you can walk approximately 800m through *Via Ottaviano* and *Via Borgo* (grey line in the picture below).

I3M Proceedings Publication

The I3M organization Committee is carrying out a major effort to improve the visibility of the I3M articles.

Therefore, all the I3M proceedings are published as open access and will be available at <https://www.cal-tek.eu/proceedings/>.

The I3M Proceedings will be indexed in SCOPUS and will be also provided with a DOI. The DOI will be also communicated to SCOPUS to allow link connection between the SCOPUS webpage of the article and the webpage where the PDF of the article is available for download.

DOIs coverage for the previous years editions of I3M is ongoing.

International Journal Special Issues

The Organization Committee will tentatively set-up the following International Journals Special Issues.

- International Journal of Simulation and Process Modeling
- International Journal of Food Engineering
- International Journal of Privacy and Health Information Management
- IEEE Transactions on Engineering Management (IEEE TEM)
- Journal of Simulation

I3M 2022 Authors and Chairs Guideline

Author and Chair Guidelines for the I3M2022 Hybrid Conference are available in the conference website at:

www-msc-les.org/i3m2022

Please check them in order to properly deliver your presentation in the best way avoiding any inconvenience.

I3M 2022 as evolving framework

Dear attendee, the 2022 edition of I3M will be held as a hybrid event (both in presence and online). Please check the website for additional information at:

www.msc-les.org/i3m2022

Alternatively, you can write to Prof. Francesco Longo (f.longo@unical.it).

The whole I3M 2022 Organization Committee is glad to see you in Rome and online. We really hope you will enjoy the hybrid conference, therefore we are looking forward to further develop and improve the I3M conference in 2023 in Athens (Greece).

By participating in I3M it is evident that a major stronghold of this Multi-Conference is its capability to mix very experienced people with young blood. So we will be glad if you could consider to be more involved in the 2023 edition by submitting session or track proposals, by proposing new topics or by providing your availability for being a candidate for paper review. In addition, please feel free to share any comment and suggestion to improve the conference to Prof. Francesco Longo, I3M Program Chair (f.longo@unical.it).

I3M Synergies & Other Opportunities

The I3M organization Committee is working in synergies with other International Conferences to provide attendee with additional publication opportunities and professional training.

WAMS 2022

WAMS 2022, the International Workshop in Applied Modeling & Simulation will be held in Bergeggi (Italy). Please consider to be active and to participate in this thematic workshop. For further information please check the web site:

<http://www.liophant.org/conferences/2022/wams/>

You can also write to Dr. Marina Massei (marina.massei@liophant.org)

ISM 2022

The ISM 2022 will be held in Linz (Austria) and provides a unique opportunity to meet scientists, researchers and company managers who are working in the area of Smart Manufacturing and Industry 4.0. For further information please check the web site:

<http://www.msc-les.org/ism2022>

You can also write to Dr. Antonio Padovano (antonio.padovano@unical.it)

So we will be glad if you could consider to be more involved in future events by submitting session or track proposals, by proposing new topics or by providing your availability for being candidate for paper review or by inviting companies and managers to attend the ISM 2022 event.

Synergies & Other Opportunities

The I3M organization Committee is working in synergies with other International Conferences to provide attendee with additional publication opportunities and professional training.

SIREN M&S Courses

The Modeling & Simulation Professional Courses are organized with scientific sponsorship of MITIM DIME University of Genoa, Simulation Team, MSC-LES University of Calabria and Liophant. Attendees have the opportunity to select among different M&S courses levels (i.e. Fundamentals, Regular, Advanced Educational Package) and categories (i.e. M&S, VV&A, PM and Interoperability). Each M&S course includes lecturing and exercises provided by world-wide experts, with several years of experience, from major center of excellence, i.e. MITIM-DIME University of Genoa, Virginian Modeling & Simulation Center (VMASC), GrVa Universidad Federal de Rio de Janeiro, LSIS Marseille, MAST, MSC-LES, National Center for Simulation (NSC), NASA, Riga TU, UAB, University of Arizona, etc. If you are interested in next SIREN Courses please visit www.mastsrl.eu/mscourses or contact info@mastsrl.eu.

SILENI

SILENI (Simulation LEarning iNitiative) is an initiative devoted to promote M&S applied to real problems with special attention to Defense and Industry; SILENI promotes Seminars, Courses and Lectures on application of M&S. The name SILENI (Simulation LEarning iNitiative) is inspired by Greek mythology where Sileni (companions of Dionysus) were said to possess special knowledge and power of prophecy such as Modeling & Simulation.
